SEARCH WIDENS FALL 2008 NEWSLETTER

A faint touch of fall in the air, the last of the tomatoes, basil and ubiquitous zucchinis, a major presidential election afoot, and once again the world is turning on its axis, revealing ever-new and fresh creations. We are enjoying the rich harvest of this mellow season, and as we begin to bring up our warmer clothes from the basement, our thoughts are turning to . . . JEWELRY! What can we adorn ourselves with which will make us feel and look like our most exotic, unique, glamorous and well-put together selves? This is what we at Search Widens have come up with for your pre-Christmas shopping pleasure!

E947 a "grown-up" and somewhat more sophisticated version of our most popular earring of all time, E610A.

E947 - \$12 E610A - \$9

This is a lovely new rose quartz earring we've added, delicate and beautiful with nice movement. E948 - \$18

Black onyx; crisp, contemporary and basic. Everyone needs at least one great black earring to go with that little black dress!
E949 - \$13.50

Prehnite; for those who like smaller post earrings, the mysterious and luminous quality of this wonderful green stone is downright enchanting.

E950 - \$15

Black onyx; a longer and more geometric, contemporary black earring.
E951 - \$16

We love this blue chalcedony earring and think it will also look great with that little black dress when the temperatures begin to drop and those frosty blue icicles begin to form. E952 - \$21

This classic earring comes in pink or white pearl; a new and sophisticated twist on a pearl stud earring. E953 \$13.00

This clean and modern design is in amber, which continues to be ever popular, especially in fall and winter - although it sells all year. E955 \$16.00

Our most dramatic and flamboyant silver earring for those who enjoy stealing the limelight!
E954 - \$16

Amythest, garnet, or pearl; a contemporary dangly earring in hammered silver with slightly ethnic overtones. E956 - \$12

The six-pointed star, or Star of David, is a generally recognized symbol of Judaism and other traditions.

Named after King David of ancient Israel, this is a powerful religious symbol used by Jews, Christians and other indigenous peoples. In the mystical tradition of Kabbalah, the Star of David symbolizes the six directions of space plus the center: up, Down, East, West, South, North and Center.

E957 - \$10

Faceted lemon citrine in a silver frame on a 16" snake chain; flashy, cool and oh so refreshing! NI310 - \$30

Silver drop with brass coils; another clean and modern classic that looks good with just about everything. To match E942 and R1587.

NI311 - \$19 E942 - \$10 R1587 - \$16

Silver abstract goddess – with just a hint of the goddess, she’s selling great! NI312 - \$19

Brushed silver loops; one of the most genuinely beautiful necklaces we’ve ever had in our line. Pure elegance.

NI313 - \$75

This is our answer to the ever-rising cost of silver chains. Teens are loving this inexpensive cotton necklace which looks great with many of our pendants.

NI314 - \$3

Pendants sold separately.

We have two new 28 inch chains—thin or thick. Please check out our website for more information!

Silver “puff” heart with a 16” chain; a simple and basic heart; one can never have enough hearts! NI315 - \$14.75

A Running horse to match E914. We are amazed and pleased to discover how many people are passionate about horses in America! They are beginning to run neck and neck with dragonflies, frogs, turtles and cats! P446 - \$11 and E914 - \$19

May Fall of 2008 bring you great happiness and prosperity.
